MIGUEL MAC D. APOSIN

Superintendent
Schools Division Office of Capiz

Greetings from Junior Achievement of the Philippines!

Junior Achievement of the Philippines, Inc. (JA Philippines) proudly stands as a member of JA Worldwide®, a non-stock, non-profit global organization recently nominated for the 2022 Nobel Peace Prize. For 53 years, we have remained dedicated to educating students and providing youth programs centered on workforce readiness, entrepreneurship, and financial literacy through experiential, hands-on programs. In partnership with businesses and educators, we strive to inspire and prepare young people to succeed in the global economy.

With JA Philippines' dedication, they partnered with **Alannah & Madeline Foundation**; and with the support of the **DQ Institute** and the **Accenture Foundation**, in launching **eSmart Digital Licence+**, a program that focuses on educating high school students about **digital literacy, skills, and readiness** through a gamified and interactive learning experience.

With that, we request **at least 500 high school students each division** from your end to accomplish the different modules found in the eSmart digital licence+ platform. Before the program implementation, there will be a Teacher's Training that aims to educate the teachers on **how they can help and guide the students on the modules** included in the platform. In this way, both the teachers and students will learn about digital literacy and readiness.

This is an online platform where students need internet access to answer. We also request the cooperation and contact information of the school coordinators who shall participate in this partnership.

The division with the **most number of students that will successfully accomplish** the module activities will be recognized as **the best division** and will **win Php 70,000** while the **best school will win Php 30,000**.

Please refer below for the program timeline:

Greetings from Junior Achievement of the Philippines!

With JA Philippines' dedication, they partnered with Alannah & Madeline Foundation; and with the support of the DQ Institute and the Accenture Foundation, in launching eSmart Digital Licence+, a program that focuses on educating high school students about digital literacy, skills, and readiness through a gamified and interactive learning experience.

With that, we request at least 500 high school students from your end to accomplish the different modules found in the eSmart digital licence+ platform. Before the program implementation, there will be a Teacher's Training that aims to educate the teachers on how they can help and guide the students on the modules included in the platform. In this way, both the teachers and students will learn about digital literacy and readiness. The teacher's training will happen on April 20, 2024 from 10:00 am to 12:00 noon via Zoom meeting.

This is an online platform where students need internet access to answer. We also request the cooperation and contact information of the school coordinators who shall participate in this partnership.

The school and division with the most number of students that will successfully accomplish the module activities will be recognized as the best division and best school, each will receive major prizes as a token of gratitude.

For additional information, kindly check the attached letter.

Should you grant us to be one of our official partners for the eSmart Digital Licence+ program, we are open to further discussing this opportunity with you depending on your availability.

Please do not hesitate to contact us at coordinator2@japionline.org addressed to Ms. Paula Patrice Dela Cruz.
