Subject : **GUIDELINES ON THE PAYMENT OF COMMUNICATION EXPENSES OF CERTAIN GOVERNMENT PERSONNEL**

1.0 Background

Cognizant that communication is an important tool in providing accurate, timely, and relevant information, access to communication services is essential and indispensable to the effective and efficient performance of the mandates, functions, and services of the government. Hence, various government agencies have ensured the continuing provision of communication services to their heads and other officials and employees in the performance of their official duties and responsibilities, such as telephone services, voice over internet protocol phones, mobile phones, internet connectivity, and subscription to online telecommunication programs and applications.

With regard to mobile telecommunication services, the departments/agencies in the Executive Branch of the government have implemented differing approaches and modalities to efficiently provide this essential communication service, e.g., procurement via public bidding of institutional/enterprise postpaid accounts from a public telecommunication entity or provider, or on a "pay-first, reimburse-later" basis, and the like. Furthermore, the departments/agencies have also adopted varying maximum reimbursable ceilings and/or rates in their respective policies/guidelines on communication expenses.

To ensure the appropriate, equitable, and prudent use of government funds, there is a need to prescribe the guidelines on the payment of communication expenses of certain government personnel.

2.0 Purpose

This Circular is being issued to provide the guidelines on the payment of communication expenses incurred by authorized officials and employees for the performance of their official duties and responsibilities.

3.0 Scope and Coverage

On the other hand, consultants and experts hired for a limited period to perform specific activities or services with expected outputs, as well as those hired on a contract of service and/or job order basis, shall not be entitled to the payment of communication expenses.

- 3.2 The Commissions/Offices enjoying fiscal autonomy, LGUs, and GOCCs not covered by Republic Act (RA) No. 10149¹ may provide similar and reasonable amount for communication expenses incurred by officials and employees, and are strongly encouraged to adopt and implement the herein prescribed policies, as authorized under their respective agency, corporate, or local government budgets, as the case may be. Meanwhile, the GOCCs covered under RA No. 10149 shall be guided by the relevant issuances of the Governance Commission for GOCCs.

The military personnel of the Armed Forces of the Philippines under the Department of National Defense, as well as the uniformed personnel of the Philippine National Police, Philippine Public Safety College, Bureau of Fire Protection, and Bureau of Jail Management and Penology under the Department of the Interior and Local Government; Bureau of Corrections under the Department of Justice; Philippine Coast Guard under the Department of Transportation; and the National Mapping and Resource Information Authority under the Department of Environment and Natural Resources are likewise encouraged to prescribe and adopt their respective internal policies on the payment of a similar and reasonable amount for communication expenses that could better represent the ranks of personnel, operational requirements, and other working conditions, consistent with existing policies and guidelines.

- 3.3 In crafting their respective internal policies on the payment of communication expenses, the agencies concerned shall emphasize the need to ensure the judicious and prudent use of government funds and that there is no duplication of similar or related expenses for the purpose, subject to existing budgeting, accounting and auditing laws, rules and regulations.
