SDO - Antique

Dear **Dr. ECO**:

Greetings!

In Health Promotion Framework Strategy, Mental Health is one of the seven priority areas in which efforts to improve health outcomes through health promotion and where it increases the psychosocial and mental wellbeing of an individual. The term 'psychosocial' denotes the inter-connection between psychological and social processes and the fact that each continually interacts with and influences the other. The composite term mental health and psychosocial support (MHPSS) is used to describe any type of local or outside support that aims to protect or promote psychosocial well-being and/or prevent or treat mental disorders.

Thus, the Department of Health Western Visayas, through its Health Promotion and Communication Management Section, will conduct **Mental Health and Psychosocial Support Training for Healthy Settings Implementation** to help boost the reliance and assist the community, school and workplace settings in the psychosocial recovery in times of crisis.

In line with this, we would like to invite the following listed **School Nurses** from the **above-mentioned SDOs** to attend the said activity on **June 4-6, 2025 at Punta Villa Resort, Iloilo City**. This activity is live-in with meals and accommodation. Registration will start at 8:00 AM on June 4, 2025.
